Demon Rock Boombox - school girl dancing on a table top, to a boom box playing demon rock, she swings her hips to the left and right, her little red skirt is way too tight, the dungeon is lit with party lights, we're getting high on hell tonight, we like to be bad 'cause it feels so good, we're the devil rockers in your neighborhood, psychedelic she demon party hound, a mickey slipping ass shaking merry-go-round, high on life children of the night, endless booze and satan tattoos, demon rock boom box, take it all off, demon rock boom box, I want more, demon rock boom box, take it all off, demon rock boom box I want more

Jabberdonkey - Boomb Boom here comes your doom, jibber jabber and a funny waddle, thunder from the donk-a-donk, flopping gums and a horrid screech, Jabberdonkey, plug my ears, Jabberdonkey, tear out my eyes, Jabberdonkey, drawing flies, Jabberdonkey, why, why, why, please don't breed, please don't speak, your evil essence must die, go away, far away, you make me want to scream, blah, blah, blah, blah, waddle jiggle twaddle flobber, caw caw caw

Overboard - In the red zone, flying way too fast, over the concrete waves, a speedboat straight to hell, push the engine, jump up and down, have another shot of stupid, and put the hammer down, overboard, overboard, adrenaline overdose, hearts racing on the, bleeding edge, of the razors edge, wind in hair, heart in throat, knuckles white, fear of flight, nothing turns her on like this, she likes to go fast, she only loves me going fast so I never stop

Piss Horse - Ain't no unicorn, ain't no clydsedale, so jump on baby, and ride the pisshorse, here comes the pisshorse, racing like the wind, I have got to, race like a pisshorse, ten feet tall, and black as night, it

lives in legends, it is a myth, the fastest thing alive, is a drinking story, the beast known as pisshorse, gallops at a drunkards pace, noble and, strong, full of grace, I'll drink to that, I say I'll drink to that, the legend of the mighty pisshorse, the pisshorse is friend to you and me, women love him, men fear him, pure genius, handsome and tall, gods finest work is the pisshorse, if you see him walking, amongst the trees, he'll be eating fruit, like it's natures gift, It doesn't matter rain or shine, he moves so smooth, he steps so light, he dances like Fred Astaire

This is Road Rage - I would like to sing you a song, it is a song about road rage, I hope you like this song, this is how it goes, driving in my car, I sing to the radio, but then you cut me off, and give the middle finger, you drive like an asshole, you drive like an asshole, you drive like an asshole, I hope you crash and die, I call you lots of bad names, I tell you to lick your own shithole, my knuckles are turning white, this is road rage, I think about ramming into you, I think about following you, and bashing your head in, but I won't because I'm not an, asshole, you drive like an asshole, you drive like an asshole, you drive like an asshole, I hope you crash and die, Rock on, treat your mamma right or I'll whoop your ass.

Voodoo Playdough - We were all there, making and playing, we were all there, quiet and calm, Were so young, but a bully never cares, fist in the head, fist in the stomach, Nobody knew cause nobody told, nobody knew not even you, Voodoo playdough, voodoo playdough, magic in a plastic can, building a man, cramping & stabbing, breaking a man play with the dough, you drop to the floor, your legs are broken, you swing your arms, but only punch the air, Voodoo playdough, voodoo playdough, magic in a plastic can, Voodoo Voodoo, making a broken man.
